ok like they are worth the
her get them for him would be
ed with any thing her does except
ing and her knows what that is
her, but her knows that him
are what her gets for him, him
likes any thing her gets, but ~~mama~~
int pretty cheap for the money
st let them go for him with
money under wear give to me
the while but a few extra ones
hurt any thing they want spoil
mama I guess you have got
ters telling you to ask old Jim
what he has done and if he

t ~~get~~ said he would let me
get Collier loose as soon as
uld get to good mechanics
id there was too at home on
ugh that claimed to be ~~mechanics~~
y would be back the 5 or 6 of
nd if they could do the work
ld turn us loose but
r he will or not remain to
nd out they have fed me
uch old shit in the way

that I don't believe nothing
any more that they felt
me, I like my work all right
if I was getting any thing out
of it and had her here with
me I could stand it for another
year but I cant stand it
that long at 5:00 o'clock
and her away down there
for I cant keep my mind on
my Business with out
her some where in the
country where him can see
her once a week anyway
but I hope it will never
be another week between
times of me seeing you
again after I do get home
and I dont think it will
do you unless one of us dies
and we shure dont want
to do that do we Babie.
honey I have been looking

for another⁴ letter from
John but I haven't got it
yet I wrote an other letter to
the department of the
~~interior~~ interior about
and and a few other things
want to see what kind of
d crop they will shoot to
man. but I guess it will be
plenty. Mama her send and
t him 2 suits of that under
ear and we can try it cant
it is a pinch we cant
use much honey her wants
be careful how her wears
it high corset and not
ear it to tight a round
a side and cause that told
in to come back for her
to any to big now for him
him wants her to be big
you know what. dont
one thing her on top
it that Mamma. But I.

think her can wear that a
hile and it will make her
old her self up a little
ther and she wont have
hard a time with her
her ones dont her for a
reason naturally lets the
tomach puff out and doot
tics it till they have got in
Habbit and then its hard
get out of the Habbit but it
nt make no difference to him
her got as big as a barrel
m would love her just as
much and just the same as
im does right now and
and God knows how
much him loves his sweet
ma dont her honey and
m knows her loves him
w more than her ever
and more than her ever
any body else has ever
nt with. dont her honey.
